October 13, 2020

Lennox provides essential HVAC equipment to deserving recipients amid COVID-19 pandemic

RICHARDSON, Texas, Oct. 13, 2020 /PRNewswire/ -- [Lennox International](#) installed 210 HVAC units across the United States and Canada at no cost over the weekend, bringing fresh air and comfort to many medical professionals, frontline workers and local heroes.

Each year, Lennox honors recipients facing physical, mental or social disabilities, financial challenges or those who have made an impact through military or community service. In 2020, Lennox dedicated more resources to benefiting first responders and those keeping us safe during the COVID-19 pandemic.

"Through our Feel The Love program, Lennox has made an annual commitment to give back to everyday heroes in the best way we know how – by providing clean, perfect air," said Stephanie Bond, Director of Marketing at Lennox Residential. "As many prepare for a winter working and learning from home, a new HVAC unit can make a significant impact on one's health, comfort and happiness."

Since the inception of Feel The Love in 2009, Lennox and its dealers have completed over 1,500 installations for deserving households throughout North America. With the ongoing challenges as the pandemic continues, Lennox is expanding the Feel The Love program through the end of the year to continue installing much-needed HVAC units to recipients.

"Our home is our oasis where we can recharge after a long day at the hospital," said ICU nurse Kyle Romitti and NICU nurse Jenn Moran, 2020 Feel The Love recipients and COVID-19 frontline workers. "This year has held endless obstacles, but thanks to Lennox, replacing our AC unit and purchasing a new furnace won't be one of them."
