DALLAS, April 18, 2016 /PRNewswire/ -- Lennox International Inc. (NYSE: LII) today reported financial results for the first quarter of 2016.

Revenue for the first quarter was \$715 million, up 4% from the prior-year quarter including the negative impact from foreign exchange. At constant currency, revenue was up 6%. Adjusted earnings per share from continuing operations was a first-quarter record \$0.60, up 62% from the prior-year quarter. "For the company overall, total segment profit rose 50% from the prior-year quarter to a new first-quarter high, and profit margin expanded 200 basis points to a first-quarter record of 6.5%. In our Residential business, segment profit was up 23% on 5% revenue growth at constant currency. Residential margin rose 160 basis points to a first-quarter record of 10.2%. While our underlying business expectations for the full year remain consistent with previous adjusted EPS from continuing operations guidance of \$6.10-\$6.60, we are raising guidance to \$6.30-\$6.80 to reflect a new full-year effective tax rate of approximately 32% versus prior guidance of 34-35%. The company is well-positioned for continued momentum in 2016, and we remain focused on capitalizing on end market growth, capturing additional market share, and driving operational initiatives for higher profitability."
